Dear Mr. Gross

The Lincoln Park School District would like to take the time to thank and acknowledge the work Globe Midwest performed for the District regarding a fire loss that occurred at our Keppen Elementary School. Due to problems with the insurance company, Globe Midwest was hired to represent the Lincoln Park School District. Globe Midwest was quick to respond and they assessed fire damages and immediately started proceedings with the insurance company. Globe Midwest provided the Lincoln Park School District with professional and quality representation and mitigated claims during the length of the restoration project. Due to the knowledge and experience offered by Globe Midwest, the project was completed and claims resolved.

Again we would like to offer our appreciation for the professional and quality work that was provided through Globe Midwest/Adjusters International and that the Lincoln Park School District would without reservation, recommend your services to any/all companies, school districts, etc. that may be in need of your services.

Best Regards,
