Mr. Steven Green:

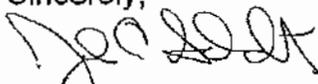

I would like to personally thank your firm, and especially Craig Becker, for his hard work and persistent drive regarding our claim in Buchanan, Michigan. Craig achieved a settlement number that was more than acceptable, it was outstanding!

Mr. Becker had worked on another claim for our company in 2003. That claim was a 60 unit building which was totally destroyed in Bridgman, Michigan. Craig's approach and again hard work, ended with our company receiving all depreciation, ACV and replacement value plus almost 100% in LOR.

Nobody wants a fire. These two claims resulted in no injuries or loss of life. But fire can be "good" and your company and Craig Becker made it very, very good for my company. Needless to say, if your services are needed in the future, your company will be my only call.

Thanks again for a job well done.

Sincerely,

John Schmidt/Owner & Sole Member
